

STRANCO PRODUCTS

Incorporated 1944

STRANCO

The Midwest's Largest Stocking Distributor of Heat-Shrink Products, Electrical Insulation and Specialty Wire.

- Over 65 years experience
- On-site warehouse
- Expert cutting (our tubing or yours)
- PPAP's, IMDS available
- Printing, EDI & bar coding capabilities
- Midwest location for quick delivery and low freight costs
- Committed to 100% on-time delivery
- Samples and engineering assistance

Raychem

Authorized Distributor

SINGLE WALL HEAT-SHRINKABLE TUBINGS

Expanded sizes are from 3/64" to 5". Types are from very flexible to semi-rigid.

- Polyolefin, neoprene, Kynar®, Viton® and other high-performance tubings.
- Tubings meeting MIL-I-23053, MIL-R-46B46, UL and/or CSA requirements are available.
- Cut-to-length capability.

AUTOMOTIVE & ENVIRONMENTAL PROTECTION HEAT-SHRINKABLE TUBINGS

Various types of dual-wall tubing with meltable inner adhesive and encapsulant walls to provide barriers against moisture, chemical contaminants and corrosion.

- Shrink ratios up to 6:1 are available
- Products meeting automotive specifications are available
- Cut-to-length capability

MOLDED PARTS

A wide variety of heat-shrinkable molded parts and adhesives in various formulations and configurations.

- Meets military specifications MIL-I-81765 for materials and MS-3109/3117 for configurations.
- Commercial 'D-Sub' Miniature Boots.

HEAT-SHRINKABLE SOLDER SLEEVE DEVICES

Heat-shrinkable sleeves with pre-installed solder rings or crimps for maximum termination performance.

- A wide range of types and sizes available for a variety of military and commercial applications.
- Also available with pre-installed ground leads and for coaxial cable terminations.

IDENTIFICATION PRODUCTS

- Comprehensive product marking system using heat shrinkable marker sleeves for wire and cable identification.
- Thermal transfer and dot matrix labels and printing systems for printed circuit boards, components and specialty applications.
- Self-laminated labels for wrap around identification of wire and cable harnesses
- Complete line of printing equipment from portable hand-held units to high-performance, high-speed printers. Technologies include dot matrix, thermal transfer and laser marking equipment.
- Custom hot-stamped heat-shrinkable markers also available.

WIRE AND CABLE

High-performance wire and cable products.

- New commercial products for automotive and appliance applications with UL/CSA approvals.
- Military/aerospace construction meeting M81044, M22759 and M27500 specifications.
- J1939 Data Bus Cable primarily used to network trucks, buses, military vehicles and earth moving equipment.

STRANCO PRODUCTS

Incorporated 1944

ASI
Adhesive Systems, Inc.

- Full line of instant adhesives
- Threadlockers, sealers and gasketing
- Structural adhesives in both one-part and two-part systems
- Sealants

Alkins Pearce

- Ben-Har brand of coated fiberglass sleeving products
- Suflex brand of tubing and sleeving products

AVERY DENNISON

CABLE TIE PRODUCTS

- Cable ties and mounts
- Hand-held tools
- Identification ties
- Cable clamps

Drossbach

- Convoluted plastic conduit for protection of wiring harnesses and cables

GRAYLINE INC.

PVC TUBINGS & CUSTOM EXTRUSIONS

- PVC tubings
- UL/CSA electrical grades
- Automotive grade
- Military grades meeting MIL-I-631 and MIL+7444
- Custom extrusions
- Cut-to-length capability

CAPSEAL & BATTERY TUBING

Thin wall PVC heat-shrinkable tubing for a variety of uses.

- Tamper-evident cap seals
- Batteries and battery packs
- Product packaging, appearance & protection
- Cut-to-length capability

FEDERAL MOGUL

BentleyHarris
Protection Products

BENTLEY HARRIS SLEEVING PRODUCTS

- High-performance monofilament and multifilament products for physical protection and bundling
- Roundit wrap-around sleeving for bundling and abrasion resistance
- Thermal protection products for high-temperature applications

PROCESS INNOVATION/AMTI

Application equipment including Tunnel Ovens and Belt Conveyor Ovens

DELFINGEN SOFANO

FIBERGLASS & SPECIALTY SLEEVING

- Sleeving meets UL, CSA, MIL-I-3190 and NEMA specifications
- Expandable monofilament sleeving for abrasion and cut-through protection of wire harnesses and other assemblies
- Cut-to-length capability
- Convoluted plastic conduit

HEAT GUNS & ACCESSORIES

- Electronically controlled heat guns, professional tools for production and repair use
- Replacement parts

ZEUS

FLUOROPOLYMER CUSTOM EXTRUSIONS

PTFE, FEP, and other fluoropolymer products for high-temperature and electrical insulation applications.

- Quality tubing products in a variety of sizes, wall thicknesses, colors as well as custom profile capabilities
- Heat-shrinkable PTFE and FEP tubing, including large diameter FEP roll covers
- Spiral wrap for electrical wire bundling
- Cut-to-length capability with tight tolerances

Specialty tubing/wrap-around closures for wire and cable protection.

- EMI shielding
- Cable bundling
- Abrasion protection
- Temperature protection
- Chemical protection
